- **Styling:** Tailwind CSS, Bootstrap, SCSS/SASS

## Experience

### Web Development Intern

Sep 2024 – May 2025

Way To Web Pvt Ltd, Ahmedabad (On-Site)

- Designed and developed a personal portfolio website using React and Tailwind CSS.
- Created modern and responsive front-end templates using HTML, CSS, JavaScript, and React.
- Collaborated with the team to build reusable components and maintain design consistency.

## Projects

### Portfolio Website

React, Tailwind CSS

Built and deployed the front-end of a responsive personal portfolio website. Focused on clean design, component reusability, and project showcase.

### Website Template – Anaya Health

HTML, CSS, React

Developed front-end templates for a health-tech website with a clean and modern UI. Implemented responsive layout and reusable React components.

### Holidays at Gir – Hotel Booking Platform

HTML, CSS, JavaScript, Bootstrap 5

Designed responsive UI templates for hotel booking pages including login, booking, reviews, and admin panel layout.

### UrbanProperty.com – Real Estate Platform

HTML, CSS, JavaScript, Bootstrap

Created responsive front-end templates for property listings, search filters, EMI calculator UI, and admin dashboard.

### AutiVerse – AI Autism Support Platform

HTML, Tailwind CSS, JavaScript

Designed front-end templates including dashboards for parents and therapists. Focused on UI layout, accessibility, and responsive design.
